

July 2, 2009

To whom it may concern,

I have had the pleasure over the past 10 years to be involved in several construction projects with Kevin Pritchett's company OnSite Construction Inc. They have been the successful bidder on several of our projects. These projects ranged in dollar value from several thousand dollars to in excess of three million. They include several subdivisions and a campground in Delaware such as Hearthstone Manor in Milford , Woods Cove in Rehoboth Beach,, and Cedar Creek Landing Camp Ground in Milford. The scope of their work has included water, sewer, storm water management and road construction including Delaware Department of Transportation work.

Having worked with many site contractors over the past 30 years I must say it has been a pleasure to work with OnSite Construction Inc. Regardless of the size of the project or scope of work, Kevin's company has always completed our projects in a timely manor and equally important, under budget. The staff at OnSite construction is friendly, knowledgeable and always willing to go the extra mile to assist you in completing your project.

I highly recommend OnSite Construction Inc. for your next construction project.

Sincerely,

A handwritten signature in cursive script that reads "Dale Faulkner".
